### Creeping Censorship

It may not be readily apparent how courtroom restrictions on the press can affect the lives of the average citizen. But unless reporters can witness what happens in court and unless newspapers can publish their reports, the average citizen will be severely limited in his ability to evaluate our judicial system.

Too often judges tend to confuse what is convenient for themselves with what is necessary in the public interest. Thus a judge in Texarkana has found a newspaper editor in contempt of court for publishing a jury verdict returned in open court. The judge wanted the story suppressed because two related cases were being brought to trial the same day.

Now a judge in Enid has allowed a defense attorney to subpoena two newspaper reporters as witnesses, apparently for the sole purpose of barring them from the courtroom. The attorney had sought unsuccessfully to obtain a closed hearing in the case.

It is erroneous and dangerous to assume that First Amendment protection of freedom of the press benefits only newspapers and their publishers. If judges succeed in barring reporters from courtrooms and, in suppressing reports of court proceedings they will have reduced the average citizen's right to know what is happening in court and his assurance of a fair trial if ever brought to court.

### The Minimum Wage

The idea of a guaranteed minimum wage is wrong — all wrong. It is a political hoax to the workmen who need help most. A wage is a trade. Money from the employer is traded for production from the worker. So, the more the worker produces the more the employer can pay him in the trading between them.

But the less and less a worker produces the less and less the employer can pay him. And if and when that production falls below the minimum wage rate, the employer cannot hire that worker at all. If he did, he would go bankrupt, and so hire no one. A minimum wage rate set by law sounds great on the floor of Congress and gets votes for the politicians who endorse it. But it destroys jobs on the floors of factories and stores and offices. Especially, it destroys jobs of the lesser skilled who simply cannot produce enough to trade for it. Where is the fairness or wisdom in that?

Put the emphasis on training, and the higher production which results will bring the higher wage. — Beaumont (Tex.) Journal

### Pruden Files for Representative

The Democratic candidate for the post is Larry Patterson. Incumbent Mack McLarty is not seeking re-election.

### Food Price Study Planned

LITTLE ROCK (AP) — Dr. Henry Meenen of Fayetteville, chairman of the Governor's Food Price Study Commission, said Monday a commission study of food prices in Arkansas will begin with a survey in the Little Rock-North Little Rock metropolitan area.

Meenen said this would enable the commission to compare the price of 96 food items in the area with prices in 23 other cities in the country.

He said the commission would use the same methods in obtaining the metropolitan area food prices as the federal Bureau of Labor Statistics does in other cities.

Meenen said prices would be obtained from a sample of 28 food stores.

### Says Hughes Pressured

LOS ANGELES (AP)—A former Frontier Hotel stockholder says billionaire Howard Hughes applied "monetary pressure" on investors to get them to sell the Las Vegas, Nev., hotel to him in 1967.

Jack Shapiro, a Detroit businessman, accused by the government along with five other men and the Emprise Corp., a New York holding company of hiding underworld ownership of

the hotel, testified Monday that "if there hadn't been the pressure, we might have been able to weather" a money shortage. Shapiro, 58, said outside interests bought up the hotel's contracts and obligations, once word leaked out that Hughes wanted to buy the Frontier.

He said the Frontier management also failed to obtain a bank loan to finance the day-to-day operations of the hotel.

A spokesman for Corn Belt said the 125,000 chickens were just going into their laying peak and were producing nearly 100,000 eggs per day. The birds are now being caught and transferred to other houses. Apparently they are through as laying hens and will be fed and readied for canning at Hope Foods, Inc. The spokesman didn't know how long the salvage operation would take but hoped to get the hens in other houses as quickly as possible.

The twister, as seen in the bottom photo, wrapped tin around trees but didn't damage the trees in the background. In the Emmet area an estimated two inches of hailstones heavily damaged homes, barns and gardens. There was some hail at the Experiment Station where .67 of an inch of rain was recorded.

## U.S. Rejects First Urban Renewal Purchase Here Red Demands

PARIS (AP) — The United States today rejected a demand by North Vietnam and the Viet Cong that the Paris peace talks resume Thursday.

A spokesman for the U.S. delegation recalled State Department warnings that the United States will not end its three-week suspension of the negotiations under the gun of North Vietnam's offensive in South Vietnam.

"We do not find acceptable the Communist proposal to meet as usual next Thursday," the South Vietnamese delegation said in a statement also endorsed by the U.S. negotiating team.

Nguyen Trieu Dan, spokesman for the Saigon delegation, said the allied side told the Communists there was no indication they want to "negotiate seriously."

The United States, seconded by South Vietnam, indefinitely suspended the conference March 23, saying they were willing to resume the talks if the Communists indicated a desire to engage in "serious discussions."

The North Vietnamese and Viet Cong delegations sent similar notes to the American delegation today calling for a new meeting on Thursday.

## Allies Lose 2 Bases as U.S. Navy Forces Pound the Invaders

By GEORGE ESPER  
Associated Press Writer

SAIGON (AP) — South Vietnamese forces lost two more bases in their northernmost province today as U.S. air and naval forces hit the invading North Vietnamese.

The South Vietnamese commander in the north said the enemy invasion across the demilitarized zone had been stopped after five days.

But Associated Press correspondent Holger Jensen reported from the front that the South Vietnamese navy abandoned its northern base at the mouth of the Cua Viet River Monday night after three days of heavy enemy attacks.

And today Fire Base Anne, eight miles southwest of Quang Tri City, was reported to have

fallen.

This raised to 14 the number of South Vietnamese bases reported lost since the North Vietnamese invaded last Thursday.

The South Vietnamese command denied reports earlier from Vietnamese military sources that government troops had made an amphibious landing at the Cua Viet estuary, which is nine miles northeast of the main enemy invasion force at Dong Ha.

The reports apparently resulted from misreading of an operational plan not yet put into effect.

Jensen reported that U.S. destroyers shelled the area around the mouth of the river this morning after several enemy amphibious tanks tried to

cross from the northern bank. The abandoned base was on the south bank.

SAIGON's northern commander, Lt. Gen. Hoang Xun Lam, said the main body of the invasion force had been halted at Dong Ha despite operations of other enemy forces at scattered points to the south.

The South Vietnamese command said one of its armored columns ran into heavy fighting just below Dong Ha and reported 95 North Vietnamese killed and 13 captured.

"We have stopped them now," Lam declared, "but we don't know if they will attack more. They have taken very heavy casualties. They have stopped for resupply and reorganization."

## Muskie Sees Wisconsin Loss

By CARL P. LEUBSDORF  
AP Political Writer

MILWAUKEE, Wis. (AP) — About 1.5 million Wisconsin voters are expected to cast ballots today in the state's presidential primary election. Gov. Patrick J. Lucey, a Democrat who has remained neutral, predicted Sen. George McGovern of South Dakota would be the Democratic winner.

A McGovern victory could thrust the South Dakotan into the front rank of his party's candidates, while a triumph by Sen. Hubert H. Humphrey of Minnesota could help the Minnesotan overcome a "loser" image and gain recognition as the Democratic front-runner.

Sen. Edmund S. Muskie of Maine, conceding he needs "a miracle" to win, hoped to avoid a repetition of his fourth-place showing last month in Florida.

That state's winner, Alabama Gov. George C. Wallace, hoped for a strong showing in Wisconsin that would demonstrate national appeal.

Sen. Henry M. Jackson of Washington, third in Florida, and New York Mayor John V. Lindsay, fighting to keep his presidential candidacy alive, sought to crack the upper ranks ahead of McGovern, Humphrey, or Muskie.

In all, 12 Democrats are on

the primary ballot, along with three Republicans. President Nixon is expected to be an easy winner in the GOP race.

With no registration by party in Wisconsin, many Republicans were expected to cross over and vote in the Democratic contest. Wallace could be a major beneficiary of those votes.

Sixty-seven delegates to the Democratic National Convention will be chosen today with 11 going to the statewide leader and the others allocated among the state's nine congressional districts.

On the GOP ballot, where 28

delegates are being elected, Nixon was expected to swamp Reps. John M. Ashbrook, an Ohio conservative, and Paul N. McCloskey, a California liberal. McCloskey dropped out of the presidential race after the New Hampshire primary. Ashbrook didn't campaign here.

The most debated issue in the primary campaign was taxes. All the leading Democratic contenders called for reforms that would increase taxes on the wealthy and big corporations while easing them on the middle classes. Wisconsin has one of the highest property taxes in the nation.

## More Fights in Ireland

BELFAST, Northern Ireland (AP) — Irish Republican Army guerrillas fought British troops today in a Belfast district where the IRA has lost some of its Roman Catholic support.

No one was hurt in the Andersonstown gunfight, and the shooting was seen as a defiant IRA gesture to show that its word is still law in the heavily Catholic district.

It came after more than 2,000 Andersonstown Catholics attended a funeral Monday for a slain mother in a protest against the IRA's continuing violence despite British peace

moves.

Catholic women trying to hold a meeting Monday night to urge an IRA truce were drowned out by jeering IRA women sympathizers.

In Dublin an IRA leader assailed an appeal by William Cardinal Conway, Catholic primate of all Ireland, for an end to the IRA's war of independence in the north.

Despite fears of major trouble, Northern Ireland got through the long Easter week-end without fatalities.

William Whitelaw, Britain's new government minister for Northern Ireland, moved into his provincial headquarters at Stormont Castle, completing a transfer of power that ended 51 years of local majority Protestant rule and opened the way to granting concessions to the minority Catholics.

One of Whitelaw's first tasks as peacemaker will be deciding how many IRA suspects release from the controversial internment camps where men are being held without trial. Phasing out internment is a key part of the British peace plan.

# U.S. Warns War Pressure Will Not Bring Peace

By SPENCER DAVIS  
Associated Press Writer  
WASHINGTON (AP) — The United States is serving notice on Hanoi that President Nixon is not going to negotiate a peace settlement of the Indochina war under mounting military pressure from North Vietnam.

U.S. officials say Ambassador William Porter's return to Paris is open-ended and that the current North Vietnamese offensive does not argue for his early appearance at the conference table. Porter was summoned back to the United States shortly after Nixon suspended the Paris talks March 23.

State Department spokesman Robert S. McCloskey said Monday that the United States "remains prepared to talk, and to seriously negotiate in Paris, but (we) do not intend to do so under military pressure."

This word, not previously stated as U.S. policy, apparently emerged from the special session of the Washington Special Action Group chaired by national security adviser Henry Kissinger.

The United States takes the position that the Paris talks were not broken off by this country but broke down while the North Vietnamese were undertaking to mount a military offensive in the South.

Nixon administration officials say the upsurge is a clear test for the South Vietnamese and the Vietnamization program.

There is sharp consciousness also over the political impact on the President in a campaign year. Sen. George McGovern, D-S.D., already has claimed that the offensive proves the Vietnamization program will not work.

State and Defense Depart-

ment officials who anticipated such an attack developing weeks ago during the Tet holiday say they are sure the measure of success cannot be determined in the first few days of the Communist offensive.

Among questions being raised: How far can the North Vietnamese forces get into South Vietnam? How much territory can they control? What will it cost them?

Some allied military observers here say that the North Vietnamese want to accomplish a hard assault before the Americans have lowered their strength any further in order to claim that they have driven U.S. forces out of South Vietnam.

In Paris, a Viet Cong spokesman said Monday that Nixon had sabotaged the peace talks with plans to step up the war.

# ITT Claims \$195 Million Paid, McGovern Doubts

By THE ASSOCIATED PRESS  
Sen. George McGovern is sticking to his claim that International Telephone & Telegraph Corp. paid no federal income tax in 1968, 1969 or 1970, despite the big conglomerate's denial.

McGovern, campaigning for the Democratic presidential nomination, told a news conference in Madison, Wis., Monday that although some ITT subsidiaries paid taxes during the period "the net flow was not from ITT to the government but the other way around" because of losses reported by other subsidiaries.

"ITT as a conglomerate has not paid taxes to the federal government," the South Dakota senator said, adding that the key issue is "whether money actually flowed from ITT to the

government or the other way around."

McGovern called on the firm to make its tax returns public to clear up the issue.

An ITT spokesman in New York, replying to McGovern's assertion Sunday, said the company paid \$195,569,000 in income taxes in 1970 to federal, state and foreign governments. About 28 per cent of the total went to the U.S. government, the spokesman said.

The figure for 1969, the spokesman said, was \$174,062,000 of which 27 per cent went to the federal government; and in 1968 the firm paid the United States 40 per cent of a total tax bill of \$146,891,000.

An Associated Press examination of a financial statement

on file at the Securities and Exchange Commission in Washington appears to support the ITT claim. McGovern had said his assertion was based on reports on file at the SEC.

At the SEC, a 1966-1970 "Statement of Consolidated Income of ITT" listed sales and revenues of \$6,364,494,000 and costs and expenses of \$5,801,058,000, leaving a net income of \$563,436,000.

Tax figures listed among many items in a long column below the totals are in parentheses. In many financial statements that indicates a negative amount such as a business loss. In the ITT statement it indicated the figure should be subtracted from gross income.

## Filings Pick Up at Deadline

LITTLE ROCK (AP) — State Sen. Q. Byrum Hurst of Hot Springs, declaring that Gov. Dale Bumpers has "defaulted upon his mandate," officially filed today to oppose Bumpers in the Democratic primary.

Dozens of political hopefuls paid their filing fees Monday and two more contenders jumped into the Democratic gubernatorial primary.

State Sen. Q. Byrum Hurst of Hot Springs, who has said he was considering the gubernatorial race, said Monday night he planned to be at the Capitol today before noon in case he decided to run. He said Monday night he still had not decided on whether to enter.

The two who filed Monday were Mack Harbour, a Paragould hospital administrator, and Lester Gibbs of North Little Rock, who ran for governor as a Republican two years ago.

Harbour, 34, administrator of Community Methodist Hospital, said Arkansas needs a leader who will not take "a ho-hum attitude and try to wish the problems away."

Harbour announced his intentions at Paragould and then reiterated his statement from the Capitol steps in Little Rock as about 50 supporters applauded.

Harbour and Gibbs brought to four the number seeking the Democratic nomination. Others are Gov. Dale Bumpers, who seeks a second two-year term, and state Rep. George David of Horatio. Former state Welfare Commissioner Len Blaylock is the only GOP candidate.

Ed Bethune, 36, of Searcy filed as a Republican candidate for attorney general. Bethune is a lawyer. Pros. Atty. Jim Guy Tucker of Little Rock and Pros. Atty. Bill Thompson of Fort Smith have filed as Democratic candidates for attorney general.

Bryant, 63, of Hope seeks re-nomination for a sixth term. Climer, 30, clerk of Pulaski County, is the only Republican to file for the post. John L. Riggs of North Little Rock, state Sen. Oscar Alagood of Little Rock and Vernon Whitten, a Bearden businessman, have filed as Democrats.

## First Payment Was a Dandy

LOS ANGELES (AP) — Jose Schmerber who applied for Social Security benefits nearly seven years ago has received his first payment: \$11,041 for the 78-year-old gardener and \$5,521 for his wife, Jesusa, 74.

Reason for the delay: Schmerber had been issued two Social Security numbers but was eligible to collect under only one. Schmerber had been trying to collect under the wrong number, officials said.

With the help of his son, Joe, and a Social Security claims representative, Schmerber straightened out the mixup last September.

The couple said they would use part of the money received Monday to travel to Texas and Mexico City.

"I give thanks to everybody," Schmerber said.

**Bird Epidemic Costly**

LOS ANGELES (AP) — It will cost the federal government an estimated \$4 million in reimbursement for about two million birds that will have to be destroyed to stem a Southern California epidemic of Newcastle disease, a federal agriculture expert says.

J. H. Wommack, codirector of a federal-state task force fighting the epidemic, said Monday the reimbursement to owners was authorized by the national emergency proclaimed by Agriculture Secretary Earl Butz on March 14.

He said that the virus, harmless to humans, has taken a heavy toll among the estimated 53 million chickens and 3.4 million turkeys in Southern California, one of the nation's top poultry-producing areas.

Poultry industry officials estimated their weekly losses at \$3 million, resulting from the birds destroyed and a drop in the market demand for fowl.

Steps to combat the disease, which broke out earlier this year, were expanded to cover pet shops.

A spokesman for a newly formed Newcastle Disease Information Center said birds contracting the disease display fits of sneezing, gasping for breath and diarrhea. Most die within three days.

Riverside County agriculture commissioner Robert Howie said the present epidemic was introduced into California by some "imported, exotic birds—possibly parakeets" brought to the San Bernardino community of Fontana by a local poultry farmer.

## Baroness Makes Debut

By DEE WEDEMEYER

Associated Press Writer

NEW YORK (AP) — Danish

Baroness Nina van Pallandt, making her New York nightclub debut, didn't forget the man she said made it possible—Howard R. Hughes.

"God Bless his soul," the stunning songstress said Monday night at the opening of a three-week engagement in the plush, Maisonette at the St. Regis Hotel.

She dedicated the song, "Everybody's Talkin' About Me" to Hughes and evoked laughter and cries of "Ole!" from the audience with the line, "I'm going where the sun is shining, down Mexico way."

It was during a weekend she took to Mexico with author Clifford Irving in February 1971 that the writer claimed he met with Hughes to gather material for the purported autobiography of the billionaire industrialist.

About 200 persons paid \$25 each to hear the singer.

Several times the baroness, stunning in a black dress with bare back and small shoulder straps, drew cries of ole and bravo from the audience. She was called back for two encores.

At a press reception afterward, the baroness said she was only a little nervous about the performance.

"I don't know, I enjoyed myself," she said. "I thought they—the audience—were very friendly. Obviously in some ways I was very much on trial ... I haven't had quite an opening in a long time like this. I've gotten known in America in the most extraordinary way."

She said she chose to sing mostly love songs because "that's what the world is about" and that she had dedicated the song to Hughes because you have to be able to "look upon things past with a certain amount of humor."

She declined to say why she had not dedicated a song to Irving. "That's a silly question," she said.

Irving sold McGraw-Hill what he said was an autobiography of Hughes and claimed he had obtained the material in secret meetings with the billionaire recluse, including two during the Mexican trip.

Irving and his wife Edith have since pleaded guilty to selling a fake autobiography and are awaiting sentencing.

Nina, a well-known folk singer in Europe before the autobiography affair, gained worldwide publicity and new prospects for her singing career.

## Sees Labor Backing

CONWAY, Ark. (AP) — U.S. Senatorial candidate Ted Boswell of Bryant says he believes he still has strong labor backing even though one of his opponents has received some support from organized labor.

"I have known for some time that certain national labor leaders in Washington and certain state labor leaders were pushing for and supporting (Congressman) David Pryor," Boswell said in an interview Monday. "And, I know that now this has resulted in some organized labor support (for Pryor) in the AFL-CIO and other unions."

Boswell said that regardless of what support Pryor might be indicated, "I still believe I have strong labor support throughout the state and, for that matter, from the action to me at plants I visit, the working people of Arkansas like me and my campaign."

Boswell, Pryor and Foster Johnson are opposing Sen. John L. McClellan, D-Ark., for the Democratic nomination for U.S. Senate.

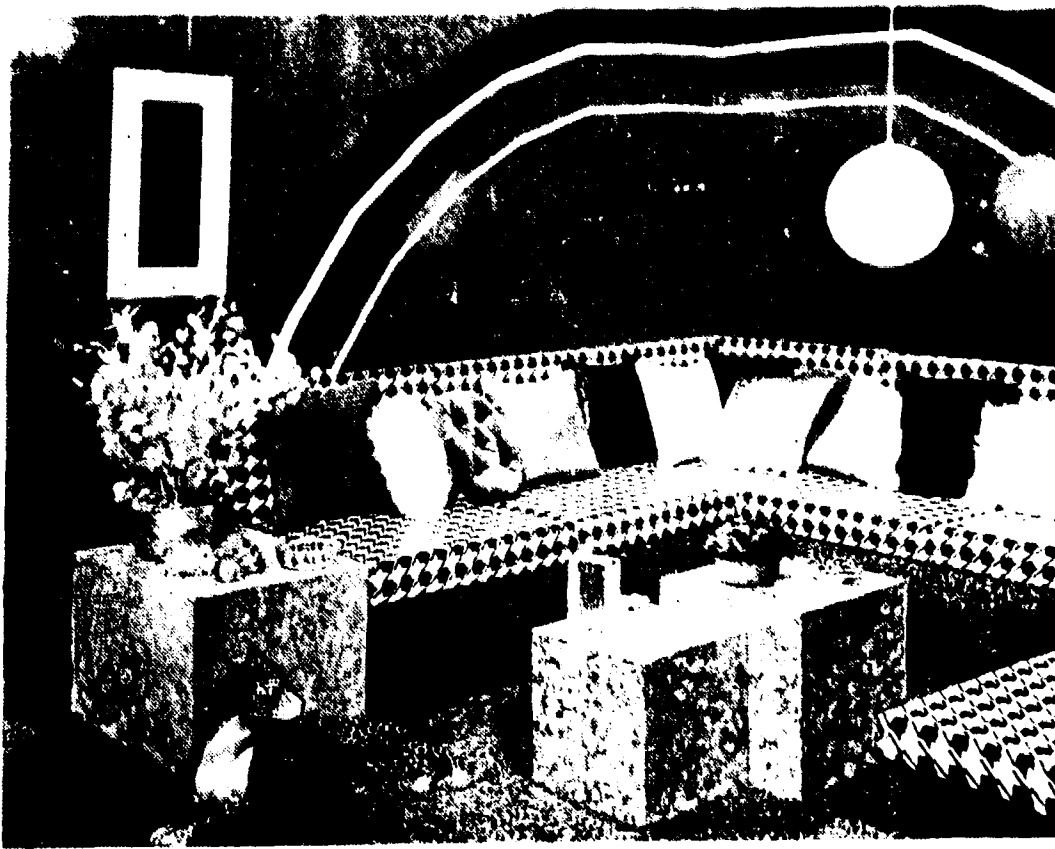

## Mannie Called Hanging Judge

PEACH SPRINGS, Ariz. (AP) — "They call me the hanging judge," Mannie Sinyella says tongue-in-cheek, "because I'm so strict."

Mrs. Sinyella, a Hualapi Indian, is chief tribal judge in Supai Village, at the bottom of the Grand Canyon.

Her duties include penalizing brawlers and persons who bootleg liquor into the village. Alcohol is prohibited on the reservation.

She also acts against reckless horsemen who pound through the village by suspending their riding privileges.

It's amazing what a little stick-on can do for a dull corner. Built-in sofas here are slabs of latex foam rubber on plywood platforms with foam rubber back bolsters. Hounds tooth pattern is 54-inch heavy gauge vinyl upholstery and tables are cubes of plywood covered with patterned self-adhesive silver foil. Walls are covered with red polished patent in self-adhesive vinyl and the graphic design is strips of black, white and sapphire blue self-adhesive vinyl. Rug also is do-it-yourself item of self-sticking shag carpet tiles in Arter orange. The platform is a growing fancy among inventive decorators and does define an area and make a room appear larger and more versatile.

## Helen and Sue Bottel The Generation Rap

### Faults Need Proper Burial

Dear Sue And Helen:

I hate myself sometimes, but it's hard to change. My best friend got me in trouble just once. It was a mistake—she blabbed a secret and I lost a boy friend because of it—but I forgave her and said it was all forgotten.

The trouble is, every time I get irritable or lose my temper, I seem to bring up this lost boy friend and cut her down for it. I don't like him any more, so it must be that I'm plain mean.

How can I stop being unfair to her? She felt just terrible when the trouble happened—and every time I mention it I can see it hurts her. —HATE MYSELF

Dear Hate:

...Which is why you mention it! When you're hurtin' inside, you feel like hurting others, even your best buddy.

A wise man I know says, "Everyone should have a graveyard for the faults of his (her) friends." Repeat this twice a day, and maybe you'll start digging.

...Especially if you add, about those faults: "And don't put up any tombstones to their memory!" —Helen And Sue

Dear Rap:

We liked your reader-written column in response to "Irate Elder" but, dear Rap, you only printed letters from ADULTS who were against this crazy mixed-up guy. We appreciate so many older people being on the teens' side but how about letting a teenager answer Mr. I.E. too? Like here's my blast: Dear Mr. Irate Elder:

You probably don't have any children of your own, and so you judge all of us kids by a few rowdies and baddies. I wish all of you who condemn our young generation could go back to school and have as required reading an unpurged history of the world. You might start with this quote from a 6,000-year-old Egyptian tomb:

"We live in a decadent age. Young people no longer respect their parents. They are rude and impatient. They inhabit taverns and have no self-control."

Then you could read about the dark ages, and the Spanish Inquisition, and the sex orgies and cruelties in 16th century European courts—and even the New World's Salem witch hunts. You'd soon realize the world ISN'T going to the dogs—it's been there several times, and is presently on its way to perhaps the best era ever. And the young people are going to help it get there sooner!

As for our generation being the most over-sexed, etc., how about Ben Franklin who was chased out of Paris—and NOT for his politics! He also broke his leg jumping from a two-story apartment to escape a lady's husband. The Father of our Country fathered some illegitimate children too, remember?

So, Mr. I.E., see us honestly and in perspective. You might even learn to like us. —THINKING TEEN

Dear Helen And Sue:

Now that we've got the vote (and in some states almost full adult status), don't you think we 18 to 21-year-olds should be

allowed to buy liquor? After all, with so many new responsibilities to drive us up a wall, we need a legal drink to calm our nerves! —DRY "ADULT" FROM CALIFORNIA, AGE 18

Dear Dry:

Five states already allow legal booze to under-21-year-olds. California isn't one of them, although it has given you "18s" full adult status in every other area—from signing contracts to marriage without parental consent.

While the law prevents your buying liquor (legally), it certainly doesn't keep you dry (as any student knows). Perhaps drinking laws are set about three notches higher than where they

## First Service Since 1940

FULTON, Mo. (AP) — Anglican Holy Eucharist services were held in the famed St. Mary Aldermanbury Church on the campus of Westminster College Sunday for the first time since the church was heavily damaged by a German firebomb in London four days after Christmas 1940.

It also was the first denominational service in the church since the structure was shipped stone by stone to the college six years ago. It was erected here as a memorial to Sir Winston Churchill, who made his "Iron Curtain" speech at the college in 1946.

By CYNTHIA LOWRY

NEW YORK (AP) — Fred MacMurray, Glenn Ford, Glen Campbell, Tony Curtis, David Jansen, James Franciscus, Elizabeth Montgomery and Don Rickles are among the stars whose television programs have been canceled by ABC and CBS.

Add to these the names of James Stewart and James Garner, whose shows got the hook at season's end from NBC—plus Shirley MacLaine and Anthony Quinn whose ABC series lasted only until midseason, and it becomes obvious that the television audience has been saying something.

It can only be one of two things: A film star is only as good in television as the material in his series, or that a program is only as strong as its competition is weak.

The three major networks have announced their prime-time plans for next September. They include 19 new programs with big emphasis on situation comedy, plenty of action shows and a little variety.

Generally, the proposed programs seem to be safe, bland and decidedly nonexperimental.

Julie Andrews will have an hour of variety on ABC. CBS hopes Bill Cosby will churn up for it the kind of excitement that Flip Wilson has created for NBC.

Since Archie Bunker has been a sensation on CBS, the network has produced a comedy about a relative of dingbat Edith named "Cousin Maude," who is as liberal as Archie is conservative.

## Hughes Figure Makes Debut

NEW YORK (AP) — Baroness Nina Van Pallandt, the Danish cabaret singer who figured in the investigation of the fake Howard Hughes autobiography, makes her American night club debut tonight.

The blonde 39-year-old singer's engagement at the Maisonnelle of the St. Regis Hotel runs through April 22.

Miss Pallandt, who is estranged from her Dutch husband, testified before a grand jury which returned indictments against Clifford Irving, his wife and an assistant in connection with the controversial book.

Irving had said that he once interviewed Hughes in Mexico. But Miss Pallandt said that while she and Irving were in Mexico for a brief holiday that Irving never saw Hughes in her presence.

the most popular shows—NBC's "Flip Wilson Show" and CBS's "All in the Family," respectively.

"The Glen Campbell Show," which started as a surprise hit four seasons back, came a cropper this season when it was put opposite ABC's "Mod Squad" and NBC's "Ironside."

Glenn Ford's "Cade's County" had to buck NBC's "Bonanza" with its hard-core audience plus ABC's often attractive feature film on Sunday nights.

Altogether, 15 programs have been canceled at the end of this season—not unusual and all of them victims of poor Nielsen ratings. Some, including ABC's "Longstreet," might have survived had they been given better breaks in the schedule.

# No Chance Baseball Season Will Open

By HERSCHEL NISSENSON  
Associated Press Sports Writer

Any chance that the baseball season could open as scheduled Wednesday seemed gone today as more charges and accusations flew back and forth between striking players and club owners following the owners' rejection of a proposed settlement by the players' association.

Meanwhile, the heads of the 24 major league teams scheduled a strategy session in Chicago tonight. But even if the pension dispute were settled, it was unlikely that Wednesday's traditional Cincinnati opener between the Reds and Houston Astros could be played.

Sixteen other teams are slated to open Thursday, the rest on Friday.

"I doubt that we'll make any new proposals," said Calvin Griffith, owner of the Minnesota Twins. "We're staying with our original offer."

The owners rejected Monday night a proposal by the Major League Baseball Players Association, whose members have been on strike since Saturday, to fund the proposed 17 per cent increase in retirement benefits mostly from increased interest which the pension plan is earning.

The plan is designed to earn 4½ per cent annually from its investments but in recent years

the rate has gone up to 9-9½ per cent, figuring out to an over-all average of 6 per cent.

Marvin Miller, head of the players' group, said the difference between 4½ and 6 per cent is \$660,000 a year.

However, both the players' association and the club owners must agree to its allocation and Dick O'Connell, general manager of the Boston Red Sox, said transfer of the funds "would jeopardize the entire pension plan."

O'Connell said two owners—Griffith and August A. Busch Jr. of the St. Louis Cardinals—indicated the players' latest proposal would take money away from players already retired.

Miller called those charges "outrageous."

The owners have offered \$400,000 for the health care segment of the pension package, plus \$90,000 to pay for the increased coverage cost for retired players, who must buy the coverage themselves. This would bring the owners' total annual contribution to the over-all plan to \$5.94 million.

Miller said an independent actuary hired by the pension committee, which consists of two owners and two players, reported that an annual \$5.94 million contribution together with the plan's earnings would provide "ample money" for both the health care increase

and the 17 per cent in retirement benefits.

Miller said that since most of the assets of the pension plan are in long-term mortgages at the 9-9½ per cent rate, even if that rate went down—say to 8½ per cent—the average rate would continue to rise as long as the yearly rate stayed above 6 per cent.

"We are not asking for any more money than the owners offered in our final meeting at Phoenix March 29," Miller said Monday in making the new proposal.

"We have said all along that money is not the issue. We are accepting the owners' money offer (\$5.94 million) and, in addition, offering to guarantee the difference between the 4½ per cent interest the plan is designed to earn and the 6 per cent it is earning."

"It's the same amount of money, but the difference is how we apply the money."

## Baseball Owners Are Determined

CHICAGO (AP)—Minnesota Twins President Calvin Griffith, in Chicago today for a meeting of owners or representatives from the 24 major league baseball clubs, says the owners will reaffirm their rejection of a Major League Baseball Players Association proposal.

"All of the owners will reconfirm what our Players Relations Committee has already decided," he said prior to going to Chicago. "I doubt that we will make any new proposals. We're standing with our original offer—to continue the present benefits at a cost of \$400,000."

Griffith said Monday that the decision to turn down the proposal to put the \$490,000 offer originally made by the owners for health benefit improvements into the pension plan was made after a conference

## Hope Star Gets 1st Rupp Trophy

LOUISVILLE, Ky. (AP) — Bill Walton of UCLA will be the first recipient of the Adolph Rupp Trophy for basketball.

Walton was chosen Monday in balloting by sportscasters and writers in all 50 states. He received more than four times the number of votes received by second-place Dwight Lamar of Southwestern Louisiana.

The award will be presented at a banquet Wednesday in Lexington.

Walton will not be present to receive the trophy, nor will UCLA coach Johnny Wooden. Wooden said he and Walton had prior commitments.

He added, "I feel it is an outstanding honor to win this

award, a new award in honor of one of the great figures in college basketball."

Wooden said assistant coach Gary Cunningham would attend the banquet to represent UCLA.

Coach Rupp, who has been retired as UK coach at the mandatory age of 70, said Walton is the "finest young athlete the nation produced this year."

Rupp told the members of the recently-formed Commonwealth Athletic Club, sponsors of the trophy, "Your selection this year was absolutely fool-proof."

"I've never in all my years of college basketball seen a boy play the way he does, do the things he's done," Rupp said.

Walton led UCLA to its eighth NCAA championship last month, defeating Rupp's Wildcats.

## More Like Football

SALT LAKE CITY (AP) — Dallas coach Tom Nissalke says his American Basketball Association team went through four-quarters of a football game Monday night instead of the second game in a best-of-seven Western Division semifinal series.

"They play football out there," cracked the Chaparrals coach after taking his second loss to defending ABA champion Utah Stars, 113-107. "If Zemo Beatty did the things on the street he does on the court, they'd arrest him."

Nissalke was referring to the number of fouls called against both clubs in the playoff game. Dallas had 37 fouls while Utah notched 26.

When the final whistle blew, Dallas had two players with six fouls and out of action, three with five fouls and two with four.

Countered Utah Coach Ladell Andersen: "This is the way they elected to go. It almost worked, but we're going to hit 80 to 90 per cent from the foul line. There should have been at least twice as many fouls as were called."

It was veteran super-Star Willie Wise who pulled the game out for Utah.

Down twice by 15 points, the Stars roared back in the final period, mostly on the arching jump shots of Wise, who ended with 36 points. He hit Utah's last six points for the victory.

Dallas, led by Donnie Freeman's 36 points, tries to get back in the series Wednesday and Friday at Dallas.

"They better be ready for a big game in Dallas," warned Nissalke.

Steve Jones, getting 18 points in the second half Monday night, backed up Freeman with 22. Zemo Beatty scored 24 for Utah.

Archer, who defeated Tommy Aaron on the second extra hole Sunday at Greensboro, won \$40,000 to boost his earnings to \$96,425 for the year. Jack Nicklaus continues to lead with \$109,473.

NEW YORK (AP) — George Archer has taken second place on professional golf's money-winning list on the strength of his sudden-death victory in the Greater Greensboro Open, the Professional Golfers Association Tournament Players Division announced Monday.

Archer, who defeated Tommy Aaron on the second extra hole Sunday at Greensboro, won \$40,000 to boost his earnings to \$96,425 for the year. Jack Nicklaus continues to lead with \$109,473.

He tied for third money behind Archer and Aaron, with Archer winning on the second hole of the sudden death playoff—in this case, the same treacherous 16th hold of the Sed-

## Penquins in Playoff

By THE ASSOCIATED PRESS  
The Pittsburgh Penguins, having earned a National Hockey League playoff berth by the skin of their teeth over the weekend, aim to make the most of their opportunity when they open their West Division semifinal series against the Black Hawks at Chicago Wednesday night.

"They'll know they've been in the playoffs when we're finished," predicted Pittsburgh rookie Dave Burrows, unawed by the fact that the Black Hawks finished first in the West by a whopping 19 points.

The two East Division semifinal playoffs also get under way Wednesday night. First-place Boston hosts fourth-place Toronto and second-place New York hosts third-place Montreal.

Also on Wednesday, second-place Minnesota hosts No. 3 St. Louis in the opening game of the other West Division semifinal.

All series are best four-of-seven games.

"We've been playing playoff hockey for the last month," declared Burrows.

Of their last 11 games, the Penguins lost only one, winning five and tying five.

Even so, it came down to the final weekend between Pittsburgh and Philadelphia for the fourth and final playoff berth in the West. The Penguins stayed alive by tying Philadelphia 4-4 Saturday night on a goal by Greg Polis with 47 seconds left in the game.

Pittsburgh earned the berth the following night by beating St. Louis 6-2 while Buffalo, after trailing 2-0, came back to

## Dawson May Be Back

By ROBERT MOORE  
Associated Press Sports Writer  
KANSAS CITY (AP) — Len Dawson, the aging field general of the Kansas City Chiefs who has been pondering retirement, is expected to be back at his

sink Philadelphia 3-2 on Gerry Meehan's 30-foot shot with four seconds to go. The teams finished with identical 26-38-14 records, but Pittsburgh got the playoff spot because the Penguins took the season series from Philadelphia 3-2-1.

To do well, the Penguins will have to crack Chicago's goal tending corps, stingiest in the NHL. The Black Hawks' duo of Tony Esposito and Gary Smith won the Vezina Trophy, yielding 2.12 goals per game—166 goals in 78 games.

The Boston injury chart has center Derek Sanderson as "uncertain," defenseman Bobby Orr and wing Ken Hodge as "marginal" and center Phil Esposito as ready for the Bruins' opener against Toronto.

Sanderson, who scored 25 goals this season, entered Massachusetts General Hospital Monday night suffering from colitis.

He will be let out of the hospital to practice and play, but should the condition deteriorate, he'll be forced to remain hospitalized.

Orr has been hampered by knee problems, Hodge bruised an ankle—one he had broken earlier—on Sunday, and Esposito missed Boston's final two regular season games because of stretched knee ligaments.

The Bruins will be out to make up for last year, when they breezed through the regular season but were knocked out of the playoffs by Montreal in the first round.

old quarterback post next season.

Dawson, 36, was scheduled to make his plans public today at a mid-morning news conference.

Sources close to the Chiefs' star have indicated in recent weeks that Dawson would sign a new contract and continue to play professional football.

Dawson completed a four-year contract in 1971, one of his finest in 15 years in the pros. It is believed that contract was for approximately \$250,000 or about \$62,500 a year.

A former Purdue ace, Dawson was picked up by the Chiefs—or the old Dallas Texans as they were known at that time—in 1962 as a free agent. He started his pro career as a first round draft choice with the Pittsburgh Steelers in 1956 but saw little action and moved on to the Cleveland Browns in 1960.

Dawson has been called by Chiefs Coach Hank Stram as "the most accurate passer in pro football."

He has been dogged by injuries in recent years. Dawson missed six games during the 1969 season because of a knee injury.

However, he recovered in time to lead the Chiefs to a 23-7 Super Bowl victory over the Minnesota Vikings and was named the most valuable player in that game, completing 12 of 17 passes.

Since his 1969 injury, Dawson's wife, Jackie, has wanted him to retire.

Knee ailments bothered Dawson again in 1970. Last season, he teamed with wide receiver Otis Taylor to form one of the most feared aerial combinations in pro football.

## Palmer Was Just Disappointed

By WILL GRIMSLEY  
AP Special Correspondent

AUGUSTA, Ga. (AP) — Arnold Palmer has come up for air after the nightmarish triple bogey that cost him his first tournament victory of the year—insisting that the numbing experience will not blunt his bid for a fifth Masters golf title.

"I didn't feel like walking on the moon but I wasn't all that unhappy," the 42-year-old veteran said, adding that he'd like to dispel any notion that he left the course in a huff Sunday at Greensboro, N.C.

"It wasn't a case that I was so disappointed that I didn't want to talk. I did talk—I talked to several people, including a newspaper columnist. But I was in a hurry to get home. It was Easter Sunday."

"People ask me if this is going to be a psychological let-down for the Masters. Well, I can only say that way. In 1958, I played at Wilmington (N.C.) the week before the Masters. I tied Howie Johnson for first place and then shot a horrible 78 in the playoff."

"I came over to Augusta and won my first Masters. No, I don't think what happened at Greensboro will make any difference here."

The aging yet still popular Palmer had a two-stroke lead over the leaders, George Archer and Tommy Aaron, with three holes to play. At the narrow, par three 16th, Arnie hooked his tee shot into a creek, played out of the water, dumped his third shot into a bunker and finished with a triple bogey six.

He tied for third money behind Archer and Aaron, with Archer winning on the second hole of the sudden death playoff—in this case, the same treacherous 16th hold of the Sed-

gfield Course where Aaron also hit into the water.

"I had a shot from the water," he said. "I thought I'd get over the trap. The one I blew was my third shot—I dead fluffed it."

If Palmer is discouraged, he didn't show it when he appeared at the Augusta National Course—his "favorite Monday"—with a second pair of eyes and what he hopes to be a new seeing-eye putter.

The extra eyes come in the form of contact lenses, which Palmer has been wearing for 12 days.

"They help me a lot," he said. "I believe I judge distance much better. The only problem is when I address the

ball on a putt. I look down and get a kind of hazy image."

"I'm not playing as well as I'd like. At the same time, I'm not playing all that badly. I had a lot of birdies and some eagles at Greensboro. I'm encouraged by that. As for the triple bogey. I'm putting it out of my mind. Such things happen."

"There was a time that this was Palmer's tournament—his four victories in 1958, 1960, 1962, and 1964 are the most won by any man—but he is a distinct underdog in this one. "You have to pick Jack Nicklaus," said Charles Coody, the reserved, soft-spoken defending champion. "I don't say he could win it. I say he should win it—not just this year but every year."

## Littler Fights Cancer

SAN DIEGO (AP) — Gene Littler, who six years ago said he had resigned himself to the fact that he wasn't going to be the world's greatest golfer, isn't resigning himself to the fact that cancer may have ended his professional playing days.

"We're all holding good thoughts," he said on the eve of surgery at Mercy Hospital today. He has cancer of the lymph glands.

Littler, 41, said a malignant tumor was removed from under his left arm March 15 and now doctors want to see if the disease has spread.

"It's highly unpredictable," the former winner of the U.S. Open said Monday. "They may not find anything. The test results have been pretty good so far."

Littler's wife, Shirley said: "All the signs are good. We're very hopeful, very confident."

But Littler said a question marks hangs over his 18-year

career.

"There is a good chance it may interfere permanently with my golf, though nobody really knows," he said during an interview. "Nobody has gone through this operation before, then tried to play tournament golf. I'll be able to play golf again, but the question is, 'Can I play tournament golf?'"

Littler, who won the U.S. Open in 1961 and the U.S. Amateur in 1963, is known on the pro tour as a quiet, modest player who keeps his emotions in check and doesn't court the press. He covets his home life and his hobby of tinkering with antique automobiles.

"I've resigned myself to the fact that I'm never going to be the greatest," he said in April 1966. "And I don't want to give up what I'd have to play better. I've made a good living from golf and that's all I want from it. After all, you can only wear one pair of shoes, eat one steak a meal."

Littler won \$98,687 in 20 tournaments last year and is one of the sport's top money winners with more than \$800,000 in prizes collected over his career.

Happiness is...

# Harrisburg Jury Is Deadlocked

By LEE LINDER  
Associated Press Writer  
HARRISBURG, Pa. (AP) The Harrisburg Seven jury, still deadlocked, is reviewing again the complicated conspiracy evidence against antiwar priest Philip Berrigan and six others accused of plotting to kidnap White House aide Harry A. Kissinger.

Deliberations moved into their sixth day today following Monday night's reading for a third time of the trial judge's instructions on conspiracy, the key count against the seven peace activists.

Defense lawyers, who had complained about the wording the first time and objected when it was read again, unsuccessfully renewed their protest after U.S. District Court Judge R. Dixon Herman went over the 14-minute conspiracy definition once more.

"This charge is contradictory, irrelevant to the issues, grossly confusing and repetitious," said attorney J. Thomas Manaker.

Herman told the jury "a conspiracy can be found even if the purpose of the conspiracy is never accomplished" as long as the prosecution can show it was "willfully formed" and that two or more persons "willfully participated."

After the third reading the jury of nine women and three

# Charles Chaplin Back

NEW YORK (AP) — His white hair tousled by the breeze, the 82-year-old man stepped slowly forward from the plane and silently blew three kisses to the crowd.

Charles Chaplin was back in America.

Ending 20 years of exile, the king of comedy on the silent screen returned Monday to receive several honors including a film festival salute here and a special Academy Award in Los Angeles.

"I am very happy to be in New York again and to pay tribute to the notable work of the Film Society of Lincoln Center," he said in a statement handed out before his arrival from Bermuda.

In deference to his age, a scheduled airport news conference was canceled. Accompanied by his wife, the former Oona O'Neill, Chaplin left in a limousine for his suite at the Plaza Hotel.

The two-part "Salute to Charlie Chaplin" festival at Lincoln Center begins tonight with the showing of "The Kid," which features Chaplin in the comic role that made his world

# McCloskey to Coach Blazers

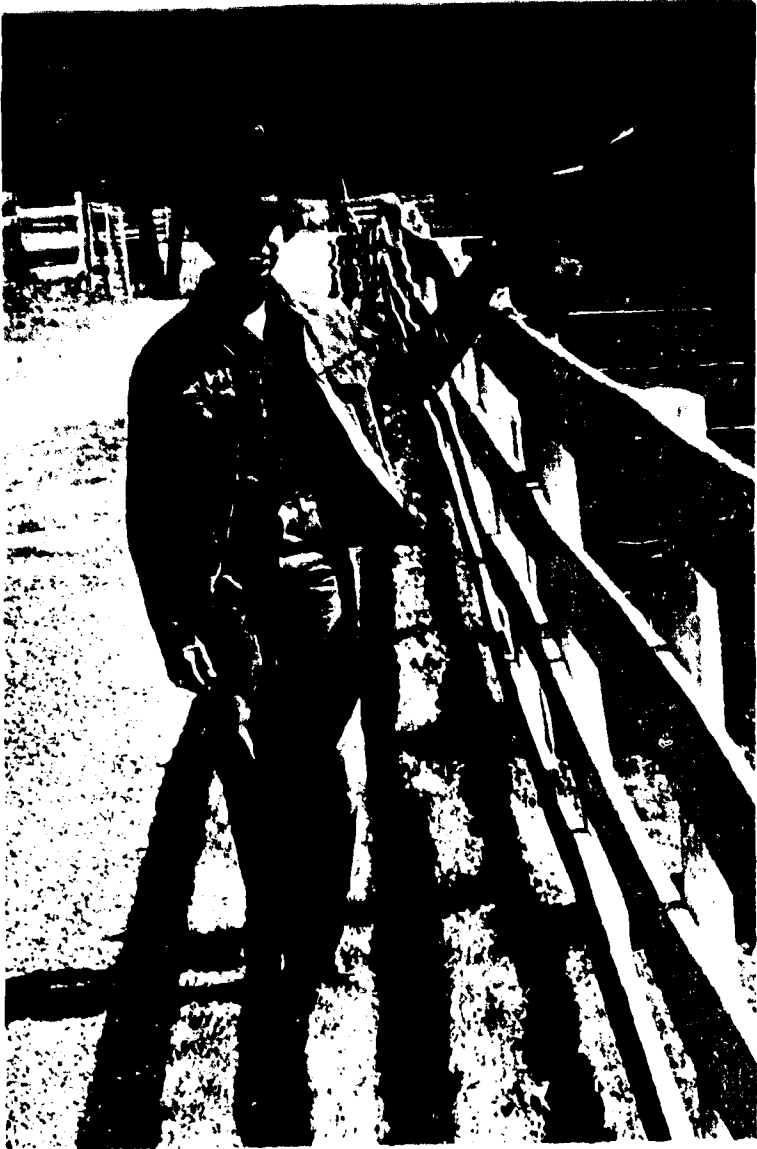

PORTLAND, Ore. (AP) — Jack McCloskey has given up trying to turn Wake Forest into a contender in the Atlantic Coast Conference and taken on the task of coaching the hapless Portland Trail Blazers in the National Basketball Association.

The Blazers ended their two-month search for a coach Monday by hiring the 46-year-old McCloskey.

Portland's new coach was 70-89 at Wake Forest but has the reputation of producing well-prepared, well-disciplined teams.

"He gets more out of his material than most coaches do," said a rival Atlantic Coast Conference coach, North Carolina's Dean Smith, of McCloskey recently.

# Claims Big Victories

TOKYO (AP) — Communist-led Vietnamese forces have won "big victories" in a five-day offensive south of the Demilitarized Zone, "wiping out or capturing 6,500 enemy troops," a Hanoi broadcast said Tuesday.

The official Vietnam News Agency, in a broadcast monitored in Tokyo, said the offensive was launched by "the South Vietnam People's Liberation Armed Forces," or the Viet Cong. It made no mention of North Vietnamese troops.

The agency, quoting Viet Cong's Gialphong Press Agency, claimed: "First reports said that after five days of continual fighting from March 30 to April 3, 1972, the South Vietnam armed forces and people won big victories on the Quang Tri-Thua Thien front.

"They wiped out or captured 6,500 enemy, including nearly 5,500 wiped out and over 1,000 captured. A great number of other troops were disbanded."

The Communist broadcast claimed "100,000 people in Gio Linh and Cam Lo districts, the Mai Loc concentration camp and other camps rose up to seize control."

South Vietnamese forces in many localities "joined the people's uprising," it said, adding: "Most of the 56th Regiment of the puppet 3rd Infantry Division took antiwar actions."

The broadcast claimed 45 allied aircraft of various types were shot down or destroyed Monday by artillerymen and anti-aircraft units.

# Seeks to Oust Judge Matthews

LITTLE ROCK (AP) — Darrell Hickman of Searcy filed Monday for the Democratic nomination for chancery judge and leveled a blast at the incumbent.

Hickman, 37, said the incumbent, Kay Matthews of Little Rock, who is chancellor of the 3rd Division of the 1st Chancery District, "has shown that he does not respect the people who elect him."

Hickman said Matthews had "consistently treated the attorney litigants and witnesses who appear before him with disrespect and contempt."

The district is composed of Pulaski, Lonoke, Prairie and White counties. Hickman said that since all three chancellors of the 1st District are from Pulaski County their work has been turned to the needs of the county. The other three counties are growing areas that require the same judicial service, he said.

# Offensive Will Not Affect Withdrawals

By ROBERT A. DORRIN  
AP Military Writer

WASHINGTON (AP) — Five days after the start of the long-awaited enemy offensive, the Pentagon is either unwilling or unable to say what's going on in Vietnam.

Official spokesmen acknowledged the obvious that the North Vietnamese have launched an attack, that the weather is bad and the situation "is fluid." They said the offensive will not affect U.S. withdrawal. But they declined to say much else about ground combat.

Pentagon spokesman Jerry W. Friedheim told reporters Monday that with the United States virtually out of the ground war the offensive is South Vietnam's show and details will have to come from Saigon. Presidential Press Secretary Ronald L. Ziegler expressed similar comments.

The attitude reflects what has now become U.S. policy—that it's South Vietnam's war despite the continued heavy U.S. air involvement.

And, with the Nixon administration trying to defuse the war as a political issue at home, it's talking less about it.

In the past, official Washington spokesmen regularly briefed newsmen on the situation in Indochina. A year ago, for example, when South Vietnamese forces crossed into Laos to destroy enemy supply lines in Operation Lan Son 719, administration spokesmen detailed its progress and trumpeted what they claimed to be its success.

Newsman asked why the change.

"There is some considerable difference between the situation ... a year ago in that we had U.S. units heavily committed to the support of the Lan Son op-

eration," Friedheim said. "There are no U.S. ground units involved" in the current action.

"If U.S. support activities occur, I'm sure MACV (the U.S. command in Saigon) will discuss those with your colleagues when it's safe to do that," he continued.

Friedheim described the North Vietnamese thrust into South Vietnam as in its beginning stages and said "it's a little too early to try to evaluate it."

Other Pentagon officials said that while the United States has some advisers in the field with the South Vietnamese, their communications system and reporting techniques are limited, making it difficult to assess the situation.

"It's better to withhold characterizations or summations until you have more definitive information," one official said.

# 'Rescue Birds' Successful

By RICHARD BEENE  
Associated Press Writer

SAN ANTONIO, Tex. (AP) — Army Capt. Ronald Woodward, whose Vietnam experience serves him well as head of a military helicopter ambulance program, fished through a file of praise for what some call the "rescue birds."

He produced a letter from a rural doctor whose patient had suffered a severe stroke and needed immediate care at a San Antonio hospital.

"I am firmly convinced that if he had been removed to San Antonio by ground ambulance or private car, he would not have survived the trip," the doctor's letter read.

But within minutes after the doctor contacted MAST—Military Assistance to Safety and Traffic—the patient was whisked by Army helicopter to a local hospital.

Aimed primarily at civilians, the MAST program began as an experiment here on July 15, 1970.

Since then, more than 500 patients have been flown to medical care centers for treatment of cases ranging from snakebite to injuries sustained in traffic accidents.

After the project proved successful here, it was introduced in four other states—Fl. Carson, Colo., Ft. Lewis, Wash., Luke Air Force Base, Ariz., and Mountain Home AFB, Idaho.

The government now has decided to make the program permanent and expand it to 14 more states.

Capt. Woodward, 34, recently assigned as MAST project officer here, says he has received nothing but praise and cooperation in the 100-mile radius that the program covers.

Sometimes the praise is entirely unexpected, such as the time Woodward spoke on MAST to a group at Cuero, Tex. He was handed a note signed by a woman who said a MAST helicopter flew through rain to transport her to San Antonio

after she was seriously injured in a traffic accident.

"I want to thank you and your crew who made this daring effort to help save my life," the woman said.

At Floresville, about 30 miles southeast of here, MAST helicopters are a common sight.

"The community feels much safer now in living at a distance from a major city," said Sister Laverne Mettlich, administrator of Floresville Memorial Hospital.

One of the best features of the MAST service is that it comes free of charge. Sister Laverne said. "So many people say this is one thing the federal government is doing for us. At last it's getting some of its funds back to the people and not charging them for it."

MAST was designed to help reduce the death rate on the nation's highways, putting to use the lessons of helicopter ambulance experience in Vietnam.

"In at least three of our serious wrecks, they've saved the lives of individuals because of the quick transfer," Sister Laverne said.

# Rules Out Action by U.S. Ground Forces

By GAYLORD SHAW  
Associated Press Writer

WASHINGTON (AP) — President Nixon has ruled out for now the reintroduction of U.S. ground forces to repel the enemy thrust into South Vietnam. But he is holding open his option of sending waves of American war planes against North Vietnamese targets.

The President's stance was reported by reliable sources after Nixon and his top advisers held an urgent round of conferences Monday to ponder ways of countering the strongest Communist push since Tet of 1968.

As the strategy sessions continue, administration spokesmen are stressing that turning back the Communist offensive is a "South Vietnamese operation."

Presidential Press Secretary Ronald L. Ziegler used that phrase twice at a Monday briefing where he reported Nixon was "watching the situation very closely."

Ziegler also cited as "totally reflective of the over-all administration view" a statement by State Department spokesman Robert J. McCloskey that the North Vietnamese attack was an invasion across the demilitarized zone in violation of the 1968 "understanding" between the United States and North Vietnam.

That 1968 understanding—although never acknowledged by North Vietnam—led President Lyndon B. Johnson to suspend bombing raids deep into North Vietnamese territory.

The McCloskey-Ziegler statements seemed to leave open the possibility of resuming U.S. air strikes well inside North Vietnam—a possibility later reinforced by disclosure of Nixon's position.

The sources' use of the word "reintroduction" in relation to

U.S. ground forces, apparently would allow Nixon to order remaining American combat troops to repulse any Communist attack on U.S. installations.

Nixon declared months ago that the U.S. ground-combat role had ended, and his reluctance to send U.S. troops into battle now fits with his expressed confidence that South Vietnam is prepared to withstand the long-expected Communist offensive.

Pentagon officials said seven U.S. combat maneuver battalions—totaling about 10,000 men—are still in Vietnam but are committed to the security of U.S. installations there.

Officials also said about 5,000 U.S. infantrymen are positioned at Da Nang, 70 miles south of the heavy fighting. But the U.S. commander in Vietnam, Gen. Creighton W. Abrams, has ordered that they not be committed to the battle.

Total American troop strength in Vietnam is 95,500, lowest since August 1965, and will drop to 69,000 by May 1 under the Nixon withdrawal schedule—a plan which White House spokesmen said is unaffected by the current offensive.

# Grenada Names First Negro

GRENADA, Miss. (AP) — A 75-year-old funeral home director Monday night became the first Negro to be elected to the Grenada city council since Reconstruction, city officials said.

T. M. Branford polled 627 votes as he won election in predominantly black Ward 1. White incumbent W. T. Masson finished second in the three-man field with 160 votes.

Branford said he received support from both blacks and whites in his ward.

"I believe it's time for a change. I will represent both blacks and whites," he said.

Mississippi is changing in different ways," he said. "The black man is getting a little more of his rights."

City Clerk Ray Morton said Branford was the first black man named a councilman since Reconstruction.

In Utopia finesses always work. In real life there is no point trying one when you have little or nothing to gain. West opens the king of hearts. His suit was continued. South ruffed the third lead and played a couple of rounds of trumps. Then he lost the diamond finesses.

East returned a diamond and South proceeded to play out all but one of his trumps. West discarded several diamonds and South deduced West was short in clubs.

Therefore South cashed dummy's king of clubs and finessed for the queen against East. West's queen became the setting trick.

South was unlucky. He had lost two finesses and he had taken the right percentage play in clubs, but South wasn't half as unlucky as his partner, who watched South throw away a sure game.

If West had opened a diamond South would have had to take the diamond finesse but the way the defense went South should make his contract by the simple expedient of no finesses at all.

He should draw trumps; ruff dummy's last heart and play ace and queen of diamonds. It wouldn't matter which opponent took the trick. If he led a club he would be taking the club finesse for South. If he led anything else it would allow South to ruff in one hand and discard a losing club.

A—This is one of those problems that depend on your partner. The coward's bid is pass. The bulldozer's bid is six spades. The expert's bid is five hearts. Four no-trump is not recommended.

## 'Free Soledad Brothers', Heard by 3 Witnesses

By EDITH M. LEDERER  
Associated Press Writer

SAN JOSE, Calif. (AP) — A photographer and three law enforcement officers testified at the Angela Davis murder-kidnap-conspiracy trial that they heard shouted demands at the Marin County Civic Center courtroom to free the Soledad Brothers.

But in testimony Monday the four men, who were in the same courthouse corridor, all remembered different phrases called out during the minutes when three black convicts and an accomplice took Superior Court Judge Harold J. Haley and four others hostage. Four were slain, including the judge.

The state claims that Miss Davis furnished guns and helped engineer the Aug. 7, 1970, violence because she was driven by passion to free George Jackson, one of the Soledad Brothers.

Jackson and the others—Fleeta Drumgo and John Cluchette—were accused of killing a white guard at Soledad Prison.

Drumgo and Cluchette were acquitted of the charges March 27 but Jackson was killed in what authorities said was an escape attempt.

Miss Davis, 28, has pleaded innocent.

The trial will resume

Wednesday.

Photographer James Kean of the San Rafael Independent Journal testified that the kidnapers invited him to photograph the abortive escape try. He said convict William Christman told him: "We are the revolutionaries."

Kean said that as the hostages were being led to a courthouse elevator convict James McClain said: "Tell them we want the Soledad Brothers released by 12 o'clock."

Marin County Sheriff's Capt. Harvey Teague, who followed Kean to the witness stand, said he was also standing near the elevator when the kidnapers were leading the hostages out.

Just as the elevator doors were about to close, Teague said, "I heard something about you have until 12 noon to free the Soledad Brothers and all political prisoners."

He said he could not identify the speaker but said the demand came "from the group of hostages."

Corte Madera Policeman Clifford G. Niederer, next on the stand, testified that one of the kidnapers standing at the elevator said "they wished the Soledad Three released by this afternoon." He said the demand was made in "a loud, distinctive" voice.

The final witness, Mill Valley

Police Chief Dan Terzich, testified that he was disarmed by Jonathan Jackson, younger brother of George Jackson, and stood next to Teague as the hostages were led toward the elevator.

As they neared the elevator, Terzich said, McClain turned "and stated in a very loud voice, 'Free the Soledad Brothers by 12:30 p.m. or they all die!'"

Haley, young Jackson, McClain and Christman died in shooting that followed outside the building.

## 'Good News' Paper Folds in 16 Months

SACRAMENTO, Calif. (AP) — A newspaper which printed only good news has folded after 16 months because of creditors who didn't look on the bright side of things.

And typically, the bad news of the demise of The Good News Paper will never be printed in the biweekly tabloid.

"It would be uncharacteristic of The Good News Paper to print the story of its own demise," said publisher Bill Bailey, a father of five who launched the venture with \$100.

The decision to halt publication came while the next issue was being put together, "so it's just as well we weren't able to print it," Bailey told an interviewer.

The paper was launched in 1970 "with a lot of optimism and very little money," Bailey said. "After 16 months of publication—sometimes spasmodically—and despite a circulation of 10,000 in all 50 states and nine foreign countries, we were

unable to attract the national advertisers we needed to pay our bills. We have simply run out of time and money."

He said it would take about \$75,000 to salvage the newspaper.

Bailey, a vice president for a china and crystal firm before going into the good news business, said he intends to pay off all bills—from his own future earnings—including the balance of subscription payments from readers.

Bailey said his all-time favorite good news story was the first edition's lead item which began: "In the United States last year, 196,459,483 citizens did not commit a criminal offense, 4,896,720 college students did not participate in a riot or student demonstration and 201,489,710 citizens did not use illegal drugs."

"I learned a lot of things," Bailey said. "I learned that people want good news. I would do it all over again if I had the money."

## JFK's Chef Reopens Exclusive Restaurant

SAN FRANCISCO (AP) — The Frenchman who was John F. Kennedy's White House chef is fulfilling a dream.

Rene Verdon, the portly chef Jacqueline Kennedy hired in 1962, has joined with a partner to reopen the small, exclusive Le Trianon near downtown San Francisco.

"In the White House, I cooked for the most important people in the world," Verdon said in an interview in his restaurant where he displays photos and other mementoes of his White House years.

"But it's the dream of every

chef to open his own restaurant. I've wanted to do this ever since I was 13 and starting out as an apprentice chef," said Verdon, 48.

After President Kennedy's assassination, Verdon stayed at the White House until 1966, when he departed in a much-publicized dispute with the food director brought from Texas by President Lyndon B. Johnson.

"She wanted me to serve family, Texas-style meals at formal banquets," Verdon said of the food director. "I decided I had been there long enough."

After leaving the White House, Verdon wrote a cookbook and gave demonstrations for an appliance firm before coming to San Francisco "because I love this cosmopolitan city and my wife decided it was time for me to settle down."

Verdon reopened Le Trianon last month. Business so far is good, he said.

Verdon the businessman said the challenge of competition is nothing new.

"Working at the White House was challenging because it was a combination of everything—a private home, a hotel and banquet hall. You had to cook family breakfasts in the morning and a state dinner at night," Verdon recalled.

DETROIT (AP) — Alabama Gov. George Wallace, the man who was not invited to dinner by Michigan Democratic leaders, is coming to town anyway to hold a news conference and rally April 15.

Wallace fired back Monday at the 40 state Democratic leaders who decided March 21 not to include him among a group of Democratic presidential hopefuls invited to the Michigan Jefferson-Jackson Day dinner at Cobo Hall, also on April 15.

Invitations went to Sens. Hubert Humphrey, Edmund Muskie, George McGovern and Henry Jackson and Rep. Shir-

ley Chisholm.

Those left off the list besides Wallace included Mayor John Lindsay of New York, Rep. Wilburn Mills of Arkansas, Hawaiian Congresswoman Patsy Mink and Sen. Vance Hartke.

Wallace, whose aides described him as the only major Democratic candidate left off the guest list, fired a broadside at the Michigan leaders Monday.

He said in a letter, released at Montgomery and being mailed to "several thousand supporters" in Michigan, "The political machinery that controls the Democratic party in Michigan invited all candidates to this assembly with one exception—George Wallace ..."

"Their action shows again they are trying to stop the Wallace campaign because it represents the viewpoint of rank and file people..."

"This is a unique opportunity for the rank and file people of Michigan to demonstrate that they want the Democratic party to reflect the real thoughts and feelings of the people instead of the political whims of the intellectual snobs who have controlled the Democratic party for so long."

The Wallace visit April 15 will occur at the same time the Midwest Democratic Conference is holding a weekend meeting in Detroit to formulate policies and strategies for the Democratic national convention and campaign.

## Chile to Investigate ITT

SANTIAGO (AP) — The Chilean Congress names a 13-member committee today to investigate Washington columnist Jack Anderson's report that the International Telephone & Telegraph Corp. plotted with the U.S. government to prevent Marxist Salvador Allende from becoming president of Chile in 1970.

Allende's regime Monday night distributed the documents about the alleged plot that Anderson published earlier. They were issued in a 93-page book of photostats containing translations into Spanish.

In a foreword, the government said the material was "eloquent proof of economic and political penetration in dependent countries by the large

imperialist companies and the governments connected with them."

It urged the citizens of Chile to "analyze and mediate on the extraordinary gravity of the facts described, inasmuch as they bear on our country's independence, sovereignty and right to self-determination."

One of the major documents purports to be an ITT memorandum saying the Nixon administration was prepared to do everything possible short of armed intervention to prevent Allende's election.

As published by Anderson, it said the State Department on Sept. 15, 1970, gave Edward M. Korry, then the U.S. Ambassador to Chile, "maximum authority to do all possible—short

of a Dominican Republic-type action—to keep Allende from taking power."

The State Department has described this memo as "hearsay and opinion" and denied that the U.S. government engaged in any improper activities during the Chilean election.

Another document published by Anderson and attributed by him to ITT officials suggested that officials of the company were cooperating with U.S. government officials in an attempt to cause economic chaos in Chile and provoke a military coup that would block Allende. Both the State Department and ITT have denied this.

Anderson's columns have been a boon to militant leftists demanding nationalization of ITT holdings in Chile, worth an estimated \$200 million. ITT reportedly has asked \$120 million for its 70 per cent interest in the Chilean telephone system, and the government has offered \$70 million.

## Ex-Governor Dies

NASHVILLE, Tenn. (AP) — The body of two-term former Tennessee Gov. Buford Ellington, who died in Florida of an apparent heart attack, is being flown to Nashville today.

Funeral services will be held Thursday at Chapel Hill, Tenn. A mortuary spokesman in Boca Raton, Fla., where the 64-year-old Democrat collapsed and died Monday, said the body will be flown to Nashville and taken by hearse to Chapel Hill.

The funeral will be at 2 p.m. Burial will be in Lewisburg's Lone Oak Cemetery.

Ellington, governor from 1969 to 1963 and 1967 to 1971, died while playing golf with three friends at the Boca Tecca Golf and Country Club near his vacation home in Boca Raton.

Known for a ready smile and friendly wave which made him seem almost like a friendly father to his adopted state Ellington had spent most of his time in Boca Raton since his retirement as governor in early 1971.

"I've never seen him in any better spirits," said Larry Read of Nashville, one of three Tennesseans making in the foursome with Ellington.

## Spring Storm Brings Sleet and Freezing

By THE ASSOCIATED PRESS

A spring storm over the Ohio Valley spread sleet and freezing rain through northwestern Pennsylvania today and trailed a band of showers southward to the lower Mississippi Valley.

Travel warnings were posted for northwestern Pennsylvania, where the sleet and freezing rain was expected to change to snow.

Northwest of the storm center snow flurries dusted parts of eastern Michigan.

Cold and dry air over the midcontinent brought clear skies and below normal temperatures from Wisconsin and eastern Montana to Texas.

The mercury slid near zero in northern Minnesota, and freeze

warnings were in effect as far south as Oklahoma.

Light snow sifted into New England, and spring rain fell in the Pacific Northwest.

Weather over the rest of the nation was mainly fair and dry.

## Asks PSC to Rescind Order

LITTLE ROCK (AP) — The Arkansas Public Service Commission dismissed Monday a motion by Agricco Chemical Co. of Blytheville asking the PSC to rescind or modify its order granting an interim increase in the industrial rates charged by Arkansas Louisiana Gas Co.

The interim increase was approved by the PSC provided that Arkla post a bond to cover any refunds that might be ordered by the PSC if it eventually found the increase excessive. An application by Arkla to make the rate increase permanent is before the PSC.

Agricco was one of several Arkla industrial customers opposing the rate increase. Agricco said the rate increase was not needed to help arrange financing for the proposed Anadarko pipeline as Arkla said it was.

Agricco also said that a "cost of gas adjustment clause" authorized by the PSC, allowing Arkla to raise its industrial rates automatically when the cost of gas purchased by Arkla goes up, was unconstitutional.

## Drug Coordinator

LITTLE ROCK (AP) — Larry Taylor, 30, of North Little Rock was named Monday as coordinator of the state Drug Abuse Authority, which was created at the special session of the General Assembly last February to help fight drug abuse.

The appointment was announced by Dr. John A. Harrel Jr., director of the state Health Department.

The authority, a division of the Health Department, is to operate at the beginning with a \$40,000 grant from the state Crime and Law Enforcement Commission. The legislature appropriated matching state funds.

The Drug Abuse Authority is to be the point of contact in Arkansas for local drug abuse programs. It will be a clearing house for information on drug control programs and help develop educational programs.

Gov. Dale Bumpers is to appoint an advisory commission to help the authority formulate

policy on combatting drug abuse.

The authority will help state agencies, local governments and organizations apply for federal funds to carry on drug abuse programs, help evaluate the success of control programs, set up standards for treatment and rehabilitation, develop reports on drug abuse prevention, and arrange workshops and training programs for persons involved in fighting drug abuse.

Taylor is a graduate of State College of Arkansas and has a master's degree from Oklahoma State University.
